Welcome

Welcome to the second Border Collie Club of South Australia Incorporated's Championship Show.

Once again, a lot time and effort has been put in by our hard-working committee members to make this event possible. I'd like to formally thank all the committee members who have helped put this show together. Special mention must go to Candice Thompson - Our show secretary, for the many hours she has spent to ensure that it will be a fantastic day for all.

I would like to welcome our Breed Judge: Mrs Janice Baldwin – owner / breeder from Yarrancoly Kennels. Mrs Baldwin has been involved with the breed since 1988 across such disciplines as obedience and conformation. The Yarrancoly prefix was first registered in 1990. Since the establishment of the Kennel they have strived to breed dogs of good type, sound temperament and conformation, who are instinctively responsive to work and training.

I would also like to welcome our Property Judge for today's show; Mrs Elaine Saxon of Maghera Border Collies. Maghera have been successfully showing since 1971, enjoying consistent success at Specialty and Royal shows. Elaine and Karen pride themselves in helping to bring the breed to the forefront of the worldwide dog world.

A warm welcome to Our club Patrons; Mrs Lynn Harrison (Tullacrest) and Mrs Joyce Sullivan (Kennoway), who between them, have over 80 years' experience in the breed.

I want to personally thank everyone who donated prizes and sponsored ribbons. Special mention to our business sponsors; Karla's Koats, Plush Puppy Australia, Orivet Genetic Pet Care, Animal Graphic Designs and On Linda's Easel and the many wonderful people who sponsored sashes. Specialty shows such as this aren't possible without the generosity that so many people have shown towards, supporting prizes for this show.

We would like to thank all those who have entered today's show. We hope that everyone will have a great day.

Matt Fisher
Border Collie Club of SA Inc President

The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed
